

We believe that with the right support every person can achieve their potential.

SJOG believes that every person has intrinsic worth and inherent dignity, and that with the right support each and every person can achieve their potential.

We don't have one standard approach but creatively provide help and support to people in the way they want.

We continue to be inspired by the story of our founder, Saint John of God, who left us a legacy of providing value-based service to those most in need.

### Our Values

These are the values that we uphold in all that we do to make sure we treat people with:

HOSPITALITY

COMPASSION

RESPECT

Residential Care

1 Bede's Close is a four-bedded home offering 24-hour registered care and support for people with complex care needs. We aim to ensure that this is not just a place to live, but is a home, and the people living here are encouraged and enabled to make their own choices and decisions in as many aspects of their lives as possible.

## Personalised Support

The needs of the people using the service are paramount in the design and delivery of the support, which is developed on an individually assessed basis with each person and their families. Regular contact with all external agencies and partners is maintained relevant to people's needs. People are encouraged and supported to access community services and resources.

## Accommodation

The purpose-built home has four bedrooms and is appropriately furnished to meet the needs of the people we support. The design was based on the advice and suggestions not only from the statutory bodies with whom we work in partnership, but also from the people who use the services and their carers. Individuals are encouraged to bring with them personal belongings, and bedrooms are decorated to personal choice. There are comfortable, well-furnished lounge, dining and kitchen areas and a pleasant patio area.

## Support Team

A competent, caring and committed staff team is available to meet the needs of the people we support. Training and development of staff is a key priority for us to ensure service delivery is of the highest standard.

## Location

The home is located in the village of Thornton, on the outskirts of the city of Bradford, West Yorkshire. It is ideally located within easy reach of the amenities the village and city have to offer.

Each person is supported to access a wide variety of leisure and social activities, including the cinema, restaurants, shopping centres, sport centres and community activities in the local area.

## Our Aims

**To provide** a high quality service based on the needs and wishes of each individual with particular emphasis on promoting independence and encouraging choice. We offer this within a caring, safe and homely environment.

**To encourage** as full and active a lifestyle as possible and support each person to develop social and living skills to enable them to play as full a part in the local community as they wish.

**To enable** each person to achieve as high a level of personal fulfilment as possible.
